It is "ashame" that the President of the United States doesn't respect the First Amendment to the United States Constitution. Using the force of the law to stop people from burning the American flag as a form of political speech is a far bigger insult to the flag than burning it.

294 677 9.659

Eugene Gu, MD @eugenegu · 9 uur

While I wouldn't burn the American flag myself, I will totally defend the right for anyone else to burn it as an exercise of free speech. The flag literally stands for freedom, and that freedom means not being a dictator control freak telling people what they can or cannot do.

Let us not forget that we lived in a world where this man was famous simply because of his oddly oversized penis. Pathetic, appalling and fascinating at the same time

The left has damn near won every fight in 2020 because of SJW's and the Mainstream media..

General Flynn is finally about to get justice.. and they are imploding..

Can you imagine if the House of Cards truly starts to fall? They might self implode..

Dude. Michael Flynn admitted to lying to the FBI. Any other American would face up to 5 years in prison. Just because he's your friend he is getting off. This is the type of corruption we see in Venezuela.

No amount of gaslighting will change the fact that Michael Flynn broke the law, admitted to it, and was let off ONLY because he's friends with the President.

Lincoln found the power he needed to deal with the rebellion in the clause of Section II requiring him to "take care that the laws be faithfully executed," and in his presidential oath "to preserve, protect, and defend the Constitution of the U.S."

Based on these powers, he called out the militia, authorized increases in the size of the regular army and navy, expended funds for military purchases, deployed military forces, blockaded Southern ports, suspended the writ of habeas corpus in certain areas, authorized arbitrary arrests, and empanelled military tribunals to try civilians in occupied or contested areas. Later he authorized conscription and issued the Emancipation Proclamation. Lincoln justified these steps as necessary to save the Union and preserve the Constitution.

Lincoln found the power he needed to deal with the rebellion in the clause of Section II requiring him to "take care that the laws be faithfully executed," and in his presidential oath "to preserve, protect, and defend the Constitution of the U.S."

Based on these powers, he called out the militia, authorized increases in the size of the regular army and navy, expended funds for military purchases, deployed military forces, blockaded Southern ports, suspended the writ of habeas corpus in certain areas, authorized arbitrary arrests, and empanelled military tribunals to try civilians in occupied or contested areas. Later he authorized conscription and issued the Emancipation Proclamation. Lincoln justified these steps as necessary to save the Union and preserve the Constitution.

Dude, you created a trade war with China, failed, cost our farmers money, bailed them out through socialism, then allowed China to have concentration camps, before begging China to help you beat Biden. You FAILED!

Then to make matters worse, you took China's word on COVID19 while Joe Biden was begging you not to believe them. Trump failed and Americans died.

According to Joe Capone, Robert Alonso, and others he was there and they saw him that night. Pay attention as this thread unfolds on this #SethRich

3) Robert Alonso was good friends with Lou's Grandson who also bar tended there... It's all coincidental right America.

We've been to Lou's City Bar several times, we've canvassed the area. We're amazed that only one friend of Seth's and the staff recall seeing him that night?

4) According to Joe Capone in a 2016 Crime Watch TV Interview, and what he told the Washington Post Seth Rich left the bar around 1:30 AM on July 10th. Capone claims that he offered him a ride home, or a cab and Seth Rich declined both. #SethRich #HisNameWasSethRich

If MSM journalists are fired/blacklisted for questioning the CIA etc (as many who questioned Iraq war/WMDs were), and independent media are derided as "conspiracy theorists" & deplatformed on YT, social media for questioning the IC, then US press is NOT ALLOWED TO QUESTION THE IC

The media could not be played.

Thought [they] were still working on and testing the vaccine. How'd the media get a vaccine already? Starting to look more like a PLANdemic and they were given "protective" vaccines.

BREAKING: Two High Profile Level Washington D.C. Elites were at the Hospital at almost the same time, or within minutes of Seth Rich's arrival via ambulance.

We're giving these people one week to come forward, before we name them.

We want to talk to you, you're elected BTW :)

First off, we want to know who alerted them to the shooting, and how did they know to be there?

Second, if they fail to respond, we will file subpoena's in the frivolous lawsuits filed against our team in order to get their phone records

The average school receives $10,500 per year for your Child from the Federal Government.

It's time to give that money to the people, and let them decide where their children go to school.

Enough is Enough of this Liberal take over of our Children!

This isn't a game folks, and naming names isn't going to do anything. We will include this in the frivolous lawsuits filed against our team.

We also have dead man switches in place, this team is all LEOs, Private Investigators, Military, and Feds. We know what we're doing.

Today makes 84 days since Joe Biden held a press conference.

His handlers don't want him talking without a script since he gets confused, lost in his own mind, and aimlessly wanders all over the place.

The guy is not right.

Letting him run for President is just so SAD!

How many of you are aware that I'm being sued by the two most powerful Democrat Law Firms in America, in an effort to silence my Seth Rich murder investigations.

With your help, I'm fighting back.

A @FoxNews commentator just ripped me with lies, with nobody defending. They talked about the "friendly" protesters (they set the Church on fire the day before. They were anything but friendly), and how I stood and held the Bible upside down - it wasn't upside down. @edhenry

You do realize that the people who set the church on fire probably were not the same ones peacefully protesting the following day, right? Or do they all get stereotyped into the same category, you racist?

Reminding you that the FBI & DOJ never examined the DNC servers.

Any statements based on a hack, are a LIE

Crowdstrike examined them and took them!

Therefore, the DOJ/FBI has NEVER seen them

The liberals don't even have evidence, they just call and complain on the businesses, and then the city police have to because of the ordinance the liberal city council passed.

This would NEVER hold up in a court of law, and is the epitome what communism looks like.

The liberals don't even have evidence, they just call and complain on the businesses, and then the city police have to because of the ordinance the liberal city council passed..

This would NEVER hold up in a court of law, and is the epitome what communism looks like..

This isn't even remotely true...

I don't have a problem with protesters, I have a problem with those who block traffic, riot, loot, and burn buildings.. Both sides have the right to live as FREE Americans as long as they aren't advocating for violence..

Painting a Black Lives Matter mural in front of Trump Tower on 5th Avenue should be considered an honor not an attack. Only a racist president would be so outraged about racial equality and justice that such a mural would inflame his emotions so much that he makes this outburst

45 99 774

Eugene Gu, MD @eugenegu · 28m
If Trump is this angry about a Black Lives Matter mural, it means he really doesn't think that black lives are worth fighting for. He believes the white supremacist police departments across our country have the qualified immunity to murder black men on the streets like animals.

What would make one vote for Joe Biden? He's been in politics for 40 years and accomplished absolutely nothing..

All we hear from Fox News to CNN is how he's building leads on President Trump according to the liberal polling numbers..

This isn't even remotely true...

I don't have a problem with protesters, I have a problem with those who block traffic, riot, loot, and burn buildings.. Both sides have the right to live as FREE Americans as long as they aren't advocating for violence..

What would make one vote for Joe Biden? He's been in politics for 40 years and accomplished absolutely nothing..

All we hear from Fox News to CNN is how he's building leads on President Trump according to the liberal polling numbers..

He's truthful, honest... and he's smarter than they are and they know it.. he will shred them in a showdown, thus they hate him.

Cancel culture flows from hatred. That hatred is found only among the progressive left and their cult of cultural Marxism.

Conservatives as a rule simply lack the hatred to cancel anything

The liberals don't even have evidence, they just call and complain on the businesses, and then the city police have to because of the ordinance the liberal city council passed.

This would NEVER hold up in a court of law, and is the epitome what communism looks like.

It's not funny, EVER.

By doing so, you bring it all on yourselves...

Nope, it appears that progressive socialist leftist Demoncrats controlled cities have a spike in positive test, not deaths. Let that sink in... ask yourself why just those cities? Who are getting sick? How many hospitals are in those major cities? 99.8% survival rate per CDC.

But Corona is like flu. You get it and within 5 days it's gone, with exceptions till 12-14 days.

America will never recover if we don't get the economy and small businesses (restaurants open).

Many single people don't cook, they rely on restaurants for not only meals, but its' a way to get out of the house, and to avoid depression.

There is more at stake here than Corona

Last week, President Trump claimed the virus would "fade away."

Now, we're facing a record-high number of new cases, and it's surging across the country.

Trump refuses to listen to the experts and take action — and we're all paying the price.

@realDonaldTrump is thoroughly, irredeemably, & dangerously broken.

Like other unprincipled despots, he will use any tactic to retain power.

This is our most serious domestic challenge in over 150 years.

Be on the right side of history. Ensure his landslide defeat & vote.

The Democrats are once again going against the United States constitution and trying to make the District of Columbia a state..

That is NEVER what our founders intended our capital to be..

They must be stopped in November, your silence will usher in Socialism in America!

I still had my watch, wallet, cash, credit cards, necklace, watch, etc.. They called it a botched robbery..

So why haven't the conservative governors and the President set up these big military hospitals in the conservative states that say they are running at capacity, like we did in the liberal states that weren't used?

Why do we always cater to one group and not the other?

The only way Trump thinks he can win is by suppressing the vote. It's unconscionable for the President of the United States, who does mail-in voting for himself and his family, to wage a campaign to prevent as many Americans from safely voting from home during a pandemic.

240 508 3.2K

Eugene Gu, MD @eugenegu · 3h
Every elected official should be encouraging as many Americans as possible to vote and to do so safely. Limiting mail-in voting options during the coronavirus pandemic not only jeopardizes many elderly voters and those with preexisting conditions but intimidates many from voting

Liberals and the Mainstream Media know they are lying about the DNC being hacked by Russia.

That's the sad part, anyone who's investigated or done due diligence knows this is a LIE!

Crowdstrike took and examined the DNC servers, and then destroyed them. #FactsOverFeelings

Good Morning Patriots,

Just a friendly reminder to let you know the FBI and Department of Justice never viewed the DNC Servers and they were taken and destroyed by Crowdstrike.

Raise your hand if you're actually smart enough to realize that zero evidence exists that the DNC was hacked by Russia?

The FBI was NEVER allowed to view the servers.

The DNC brought in Crowdstrike, who took the servers and destroyed them.

Obamacare is a joke! Deductible is far too high and the overall cost is ridiculous. My Administration has gone out of its way to manage OC much better than previous, but it is still no good. I will ALWAYS PROTECT PEOPLE WITH PRE-EXISTING CONDITIONS, ALWAYS, ALWAYS,ALWAYS!!!

Happy Saturday Patriots!

I hope you'll all do me a favor, talk to someone about the upcoming elections and tell them how important it is for them to vote for President Trump, and to keep the Democrats out of the White House. They will destroy America and cause another Civil War.

It's time for the GOP in Congress to quit playing softball, and start swinging the damn bat. If she's not in jail by 5pm tomorrow, you have failed. The American people are sick and tired of the false promises and show!

Why would things need to be sealed in an estate case? Now the Attorney's are trying to seal more information, and dictate the court in their direction. Absolutely ridiculous the level of corruption involved in the Seth Rich murder. #SethRich #HisNameWasSethRich

There's an old saying, if you can't handle the heat, get out of the Kitchen..

Looks like these DNC pawns can't handle the heat.. They want to slap you and then run and hide and scream "no hit backs bro"

I'm tired of facing cowards, come out in the open with it already.

I'm wondering how small the number of Trump signs will be across America this year..

The majority of conservatives are scared of confrontation, and I have a feeling we're in for one of the toughest election battles in history.

Will you display a Trump sign? #Trump2020

Thought [they] were still working on and testing the vaccine. How'd the media get a vaccine already? Starting to look more like a PLANdemic and they were given "protective" vaccines.

I will never use .@DoorDash again... An absolute nightmare as they continue to not show up on time, have missing items, it's ridiculous.. Much easier to just go pick it up and buy directly from the locally owned businesses that I support.

Customer support is also a joke.

Used them 2/3 times during initial quarantine & every order was a mess. Substituted items, or complete wrong order once. And everything always comes mashed together & a mess

I blame the drivers & restaurants partly but it's just not a good system they have To many involved.

Absentee Ballots are fine. A person has to go through a process to get and use them. Mail-In Voting, on the other hand, will lead to the most corrupt Election is USA history. Bad things happen with Mail-Ins. Just look at Special Election in Patterson, N.J. 19% of Ballots a FRAUD!

Dear Washington, D.C. Metropolitan Police,

Where is the video that you told Seth's parents about from the Flagler Market? Why hasn't this been made available to the public? You never even showed his parents the video either.

Why is that?

We are in trouble if we don't get organized and mobilize SOON for this election.

Please start putting together street teams, sign teams, volunteer with the Trump campaign, we have to win this election, losing isn't an option!

This is sickening. Praying tonight for our Team, True Pundit, Project Veritas, Laura Loomer and others.

Statement from Circuit Attorney Kimberly M. Gardner

I am alarmed at the events that occurred over the weekend, where peaceful protestors were met by guns and a violent assault. We must protect the right to peacefully protest, and any attempt to chill it through intimidation or threat of deadly force will not be tolerated. My office is currently working with the public and police to investigate these events. Make no mistake: we will not tolerate the use of force against those exercising their First Amendment rights, and will use the full power of Missouri law to hold people accountable.

The real scandal: We'll likely never know the truth. Because the @nytimes used unconfirmed intel in an ONGOING investigation into targeted killing of American soldiers in order to smear the President. The blood is on their hands.

Having served in Afghanistan during the time the alleged bounties were placed, no one is angrier about this than me.

Now it's impossible to finish the investigation. All b/c the @nytimes will do anything to damage @realdonaldtrump, even if it means compromising nat'l security

Here's the solution for "lower drug prices."

Allow the government to pay for American's drugs, and allow them to negotiate the prices. If these drug companies have no one else to sell to but the government, then they will be forced to lower their prices.

John Ratcliffe would never lie

The fault, as always, lies with Trump's opponents and the media. The "unfair" treatment to which Trump refers was likely this story in The Post, which showed that Ratcliffe's claims about his experience were seriously exaggerated.

Ratcliffe had asserted that "as a U.S. Attorney, I arrested over 300 illegal immigrants on a single day." But that was false: He didn't arrest them, the relevant operation ended up charging only 45 poultry workers with low-level offenses, and people involved in it "could not recall Ratcliffe playing a central role."

This comes after stories showing that his claims to have tried terrorism cases were also inflated.

DNI Ratcliffe issues statement on impact of unauthorized disclosures on force protection

DNI Ratcliffe Statement on Impact of Unauthorized Disclosures on Force Protection

"U.S. and coalition force protection is a critical priority for both the President and the Intelligence Community. The selective leaking of any classified information disrupts the vital interagency work to collect, assess, and mitigate threats and places our forces at risk. It is also, simply put, a crime.

"We are still investigating the alleged intelligence referenced in recent media reporting and we will brief the President and Congressional leaders at the appropriate time. This is the analytic process working the way it should. Unfortunately, unauthorized disclosures now jeopardize our ability to ever find out the full story with respect to these allegations."

DNI Ratcliffe issues statement on impact of unauthorized disclosures on force protection

DNI Ratcliffe Statement on Impact of Unauthorized Disclosures on Force Protection

"U.S. and coalition force protection is a critical priority for both the President and the Intelligence Community. The selective leaking of any classified information disrupts the vital interagency work to collect, assess, and mitigate threats and places our forces at risk. It is also, simply put, a crime.

"We are still investigating the alleged intelligence referenced in recent media reporting and we will brief the President and Congressional leaders at the appropriate time. This is the analytic process working the way it should. Unfortunately, unauthorized disclosures now jeopardize our ability to ever find out the full story with respect to these allegations."

No, we've never made any shirts that have anything to do with Seth Rich. The lovely attorneys suing us like to claim that we have, as these monsters claim we're making money while investigating this murder.

I lost a six figure job, and my marriage over this investigation.

According to reporting from @TheAtlantic, the CDC is counting positive antibody tests in with the rest of the positive coronavirus tests.

If true, that is certainly another reason why we have such a massive increase in positive tests compared to other countries.

Why would the CDC (secretly?) combine these two versus keeping them separate?

If true, that is certainly another reason why we have such a massive mistrust of government organizations and the data being disseminated

The leftists IDIOTS don't care if millions of Americans lose their jobs, because the majority of them are on some sort of government assistance anyway..

It doesn't hurt their livelihoods if restaurants, bars, & small businesses close.. Which is why they tell you to stay home!

The #SethRich case, especially the weirdness of his family:

1) Why do they NOT want to know who killed Seth and why?

2) Why are the digging so hard for a name they can't legally get access to?

3) Why did Seth's family help the FBI and DC Police cover up the investigations?

The #SethRich case, especially the weirdness of his family:

1) Why do they NOT want to know who killed Seth and why?

2) Why are the digging so hard for a name they can't legally get access to?

3) Why did Seth's family help the FBI and DC Police cover up the investigations?

Where's the phone Seth handed to officer O Leary mentioned in officer Tarr's narrative? How come officer O Leary didn't mention it. I believe officer Tarr was on point as there has been great omissions in Seth's case. Plus why would they delete his document?

It's pretty amazing to see the media call people "far right" because they want to uphold the Consitution.

All the labels and names won't stop me, though.

Since when did the Constitution become extreme?

The Russia Bounty story is just another made up by Fake News tale that is told only to damage me and the Republican Party. The secret source probably does not even exist, just like the story itself. If the discredited @nytimes has a source, reveal it. Just another HOAX!

There it is: everything you don't like is fake news. Except that it isn't.

And you're a LIAR.
And you're a COWARD.
And you're a TRAITOR.

And every time you try to convince people otherwise, we'll be RIGHT HERE to straighten them out.

Experts say that if America doesn't open up, we could have as many as 25,000 retail stores close by the end of 2020..

The liberals are perfectly fine with this, they want socialism, and you dependent on a government check. That's how they control you, that's how they win.
